

Potter Art Metal Studios, Inc.

• Extreme Metalwork •

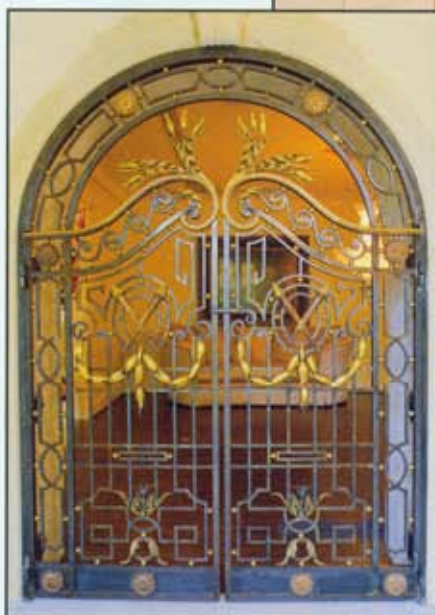

The Potter Crest has meant superior quality in metal work for over 80 years – superior design, superior materials and superior workmanship.

For four generations, and more than eighty years, the Crest of the Potter family has been the inspiration of the finest metal artisans in the Southwest.

Potter Art Metal Studios, Inc. of Dallas has designed and wrought art metal products in iron, bronze, brass and aluminum which now grace thousands of homes nationwide.

Our designers assist customers in choosing from an endless array of products, materials and finishes which are then used to produce the custom design.

Product quality and customer satisfaction are our principle concerns. We invite you to visit our facility at any opportunity.

Potter Art Metal Studios has built a reputation which is much envied, often copied, but never equaled.
